- **2020 Congressional App Challenge:** Winner in district 7 for WA state (Rep. Pramila Jayapal)
- **AP Scholar with Distinction, President's Gold Award**

EXPERIENCE / VOLUNTEERING

Quick Log - Student Driver Log | *Developer*

Created a mobile app to track student driving practice hours, display analytics, suggest skills to practice, and map drives.

- 4000+ downloads globally

Comeback - Homeless Resources (Congressional App Challenge winner) | *Developer/Co-creator*

Co-creator of mobile apps and related services to assist homeless individuals across the US.

- 5500+ downloads, 5.0 rating on App Store, 4.3 rating on Play Store.
- App includes 15 critical resources (shelters, food pantries, medical facilities, labor gigs, etc.), chat with experts or chatbot to resolve issues, and a forum for users to ask and answer questions.

Junior Asha | *Volunteer & App Developer*

Junior Asha is a non-profit dedicated to raising funds for the education of orphans in India. I proposed, developed, and maintained a Junior Asha App being used this year and eventually across all chapters. I am an active volunteer (30+ hrs) and fundraiser (\$500+).

- Mobile app is used by the entire chapter for all logistical needs (event sign-ups, fundraisers, carpools, etc.)

Horizon Networks | *Technology and Connect Program Director*

Horizon Networks, a non-profit, works globally with 26,000+ senior citizens and 2,800+ volunteers to connect youth with at-risk senior citizens and ease the loneliness due to quarantine. This is achieved through fun activities via Zoom.

- Developed platform Horizon Connect on Android and iOS along with website to be used globally by organization
- Platform streamlines volunteer process, tracks hours, and includes global forum for seniors to ask questions
- Automated existing manual process of tracking outreach efforts for local WA chapter in Google Sheets

Indian Association for Western Washington (IAWW) | *Volunteer, Civic Ambassador, & Lead in Covid Project*

IAWW addresses community needs with support services, mentoring and advocacy. I raised awareness about civic engagement through volunteering (100+ hours), and also led a voting pre-registration event at Tesla STEM.

- Lead a team of 13 volunteers to gather data for Helping Hands App which locates Covid-19 resources in India

Imperative - Peer Coaching Platform | *Software Engineering Intern*

Imperative is a platform that creates cultures of ownership and belonging by connecting employees as peer coaches

- Built an HRIS (human resource information system) system to improve connecting of employees
